HAPPY NEW YEAR

A Note from Victoria

Greetings and Happy New Year to each of you, From the Heart of Mount Shasta to all our Lemurian Brothers and Sisters we send our heartfelt wishes for a magical 2010!

Most of you are aware that our beloved friend, Aurelia Louise Jones, transitioned this past year on July 12th, after a very long illness. We are deeply grateful for the legacy of inspirational tools she left to assist us on our journey toward Ascension. It is an honor to be a part of Aurelia's planetary mission. We will continue to publish and support her work which has been sponsored by Adama and the Telosian family.

This new year, 2010, is a year of ACTION and it is more important than ever before to step into the 5th dimensional way of Life, living from our Heart in Oneness, not only as individuals, but also as communities. It is truly an exciting time to be alive and awaken to our Higher vibrational Selves. We look forward to creating some new venues to assist all those who are ready to open their Hearts even further and move into the next level of evolution, fully merging with our I AM Presence. We will be looking into ebooks, Kindlebooks and audio books. As they become available they will be on our website.

As we enter 2010, it is a great time to reflect on the goal Aurelia hoped for in creating The Lemurian Connection. Her aim was that "we help each other in opening our collective creative consciousness", and in doing so "create a world enabling us to live in peace and harmony, with a perspective of better understanding of the human fraternity... aiming for universal love and unity regrouping all races and all nations into one big family."

The Lemurian Connection "has been set up to act as a focal point for bringing together individuals from around the world who have a common interest in sharing information received from Telos and the Lemurian teachings." We will continue to move forward with these goals in mind, striving to increase awareness and consciousness of our Lemurian Heart connection, helping each of us to remember the importance of healing our bodies on all levels at this time in order to move into a lighter vibration, the Lemurian vibration of unconditional Love. It is our wondrous destiny! So be it!

Blessings and Peace to each of you,

Victoria Lee

Mount Shasta Initiatic Journeys

A Mount Shasta experience! 2010

Since 2003, each summer, Aurelia, along with Adama and the Lemurian team from the invisible, facilitated a series of Initiatic Journeys in Mount Shasta. These journeys have proven to be life-changing experiences for most participants. Mount Shasta Light Publishing and Telos USA are honored to continue offering initiatic journeys in 2010.

During these journeys, each one is totally bathed in the love of the Lemurian energy. As Aurelia always stated, upon arrival, each participant is assigned three guides from Telos for the week who will work to facilitate the spiritual experiences and advancement your soul desires to accomplish. In fact, you are the one creating your experience; we simply facilitate it. We provide the chalice for your experience, the teachings and the ambiance. You do the rest.

We spend each day in nature. We go to some of the most beautiful and highly energetic spots in the area to facilitate your healing journey. You will receive teachings, spiritual assignments to contemplate while you are bathed by the love of our Lemurian family and friends.

Depending on your commitment to transformation, nearly everyone, if not all, return home very different than when they arrived. Many past participants have returned a second time and have reported that they have benefitted even more the second time. Their readiness and their blessings increased.

Telos communities from around the world will be coming to Mount Shasta in August and September. For USA inquiry please contact us at 530.926.4599 or email us at: aurelia@msllpublishing.com. Presently the dates for USA groups are as follows:

August 1 – 7, 2010
September 5 - 11, 2010
September 19 - 25, 2010

There will also be a Seven Sacred Flames Journey to be announced. Pre-requisite will be required reading of the Telos Book Series and the Seven Sacred Flames. We will work each day with one of the Flames, using meditation, mini vision quests and time for self reflection. All in the beautiful surroundings and incredible energy of Mount Shasta!

Lemurian Mission Expansion

The messages of Telos are directed in assisting the Earth and humanity in preparing for transformation and Ascension. In order to attain the status of an ascended being, you need to fully understand and embrace the Christ consciousness in your daily life at the level of the fifth dimension that will simply bring you to the beginning of a wondrous new life of Love, Brotherhood, Abundance, Limitlessness and Magic.

Telos-USA...Study Groups in the USA

A more in-depth study of the Telos material has been initiated in many countries and in several languages. Great benefits have been attained through acquiring a deeper understanding of the material which has been written at 40 levels of consciousness. Each time you read the material, you integrate more deeply the pearls of wisdom they contain and receive the deeper understanding that is meant to assist the birthing of Christ consciousness within you. Your life goes through a greater transformation with each reading. As Aurelia stated previously, "Adama encourages you to consider holding a study group in your home 2 to 4 times a month with a few friends and create a sense of oneness and community."

If this resonates with you and you would like more information, please contact us or Wendy Weibel at Telos-USA. Wendy's email: wendyweible@yahoo.com. Her phone is: 804.318.7865. We will be happy to guide you. *If you have read Telos I, II and III, there is a national teleconference call every other Saturday. The response has been wonderful and the call is open globally.* If you would like assistance in how to start a study group in your area, please contact us.

Telos-USA

It was thrilling for Aurelia to know that Telos USA had become a reality before she passed. Her desire was to create a place for like-minded souls to come together to share the warmth and love of the Heart of Lemuria. We are grateful to Lori Rains, former president, for her expertise and devotion in creating Telos-USA as a not-for-profit organization. The mission of Telos USA is dedicated to support and assist in the expansion and awareness of the Lemurian teachings and also to support each of you interested in the teachings of Adama and the **Ascended Masters through Aurelia's books**. Telos-USA is a support system for all those creating study groups and ascension ceremonies all over the country.

If you have time to devote and feel the call to help or participate in Telos USA in any way, please contact William Johnson, President/Treasurer at williamjohnson7@hotmail.com or Wendy Weibel, Vice President/Secretary at wendyweibel@yahoo.com.

You will be receiving more information from Telos USA in the months ahead. Telos-USA, Mount Shasta Light Publishing and The Lemurian Connection will work together in offering initiatic journeys and ascension ceremonies here in Mount Shasta. Additional Information for Study Groups

There are a number of people holding Telos material study groups all over the country, and we would love to know who and where you are. If you are holding such a group, please let us know. We would like to be able to refer people who contact us looking for kindred souls to meet with in their hometown or nearby areas to study the Telos material with and participate in ascension ceremonies. It would be a great help. If you are interested in helping to coordinate this in your state, it would be wonderful!

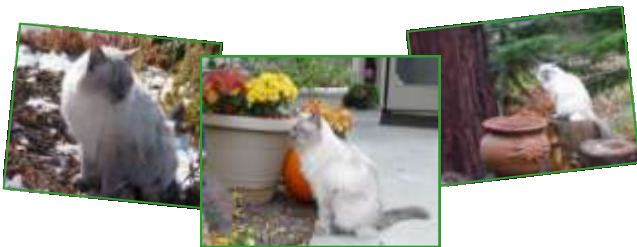

Adama gave a study group guideline through Aurelia to help facilitate your endeavor, especially those beginning. We can also provide the forms for request for ascension before 2012 for group leaders. Get involved as part of your planetary service and keep us informed of your activities. We would like to support you any way we can.

Angelo Update

For all of you who have read **Angelo's Message** and are aware of Aurelia's beautiful cat, Angelo, I thought you would enjoy seeing a few pictures of him. He is 17 years old and is still as wonderful as

ever! He has had a stressful year and is doing well under the circumstances. Aurelia and Angelo had a very special bond, enough so that their connection lead to the wonderful book Aurelia wrote sharing Angelo's thoughts and concerns about animals and how they are treated. I've been told many times by various channels that Angelo is not a cat. He is a great Being in a cat's body!!.....which is a great reminder that we never know who we are going to meet on this journey of ours and what form that will take!
